SHERWOOD

In 1949, in Sherbrooke, Quebec, Sherwood changed the sport of hockey forever. Now 75 years later, we're celebrating our heritage as well as a changing of the guard to welcome the collective of players who embrace change for the better.

Welcome to the new era of hockey.

The REKKER family was designed for those who fill the scoresheet. The player who reigns over goalies with lightning quick hands and a release you'll never expect until it's too late. Rooted around quickness, deception and an anatomical shape, the REKKER line is built for speed and precision.

A true legend is pushed to their limit—to a place no one thought possible. A Legend twists and turns, constantly building upwards. Each new challenge is an opportunity to level up with the end goal never out of sight. A legend is also found on a map—the only constant, inspiring the topographical lines as the hero design element for REKKER Legend. These lines speak to the stick's asymmetrical shaft shape and serves both form and function as the lines are raised, acting as a tactile grip for better puck handling.

Building your personal legend is an ongoing, never ending pursuit. It's the goal for any elite level athlete. To be a legend, to be the goat. A legend is shaped. You're not born a legend. You work for it. You earn in. It's fluid, it's got ups and downs and ultimately, it's the path you take to get there. It's about the journey, not the destination to reach Legend status.

SHAPE YOUR PATH.

ERGO TAPER SHAFT ETS

NEW SHAFT DIMENSIONS WITH THREE DISTINCT SHAPE VARIATIONS.

UPPER-SHAFT

- ROUNDED CORNERS AND CONVEX SIDEWALLS FIT IN PALM TO ALLOW FOR OPTIMAL COMFORT AND CONTROL

REKKER **LEGEND** PRO

Become a legend with the revolutionary Sherwood Rekker Legend Pro. Featuring an all new dual zone DuoFire kickpoint allowing players to load and fire shots like never before. The new Ergo Taper shaft shape allows the stick to sit in the player's hands more comfortably giving them better control for dangling past opponents. The VR92 Blade features I-92 dampening inlay that strengthens the blade and improving the feel for both tape to tape passes and shooting bar down. Blackline 25K carbon fibre weave enhances durability and Featherlite XT technology reduces unneeded weight in the blade and lower shaft to create the optimal balance point. For the elite goal scorer the Sherwood Rekker Legend Pro is here to help you light the lamp.

PLAYRITE

SHERWOOD PLAYRITE

With four different sizing options, the stick lengths and flex levels fit youth players as they grow, enabling them to improve their shots and help them to enjoy the game.

IMPROVE YOUR SKILLS

Give your child the ability to learn how to properly load the stick and improve their shot and stick-handling skills at a young age.

ENJOY THE GAME

Hockey is a fun game and could be even more fun for your child with the proper gear tailored for young players!

FLEX YOUR STICK

A stick that a youth player can flex!

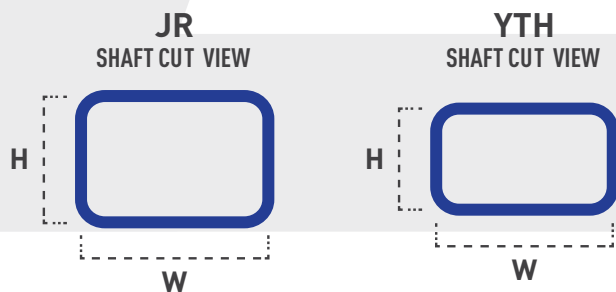

PLAY SAFE

Reduce the risk of injuries by using the proper stick length and flex.

SHAFT GEOMETRY

PLAYRITE 0 & 1 feature our youth geometry.
PLAYRITE 2 & 3 are built with a junior shaft size.

The shafts corners are more rounded than a senior stick to create better puck feel for small hands.

360° WRAP

Strapping system is designed to bring new capabilities to an ordinary strap. Straps in key areas are elongated and tapered to contour the body and provide a secure and harness like fit.

MICROBAN®

Microban® technology provides an extra layer of defense against unpleasant odors, stains and deterioration caused by bacteria. It ensures that this product stays fresher, longer.

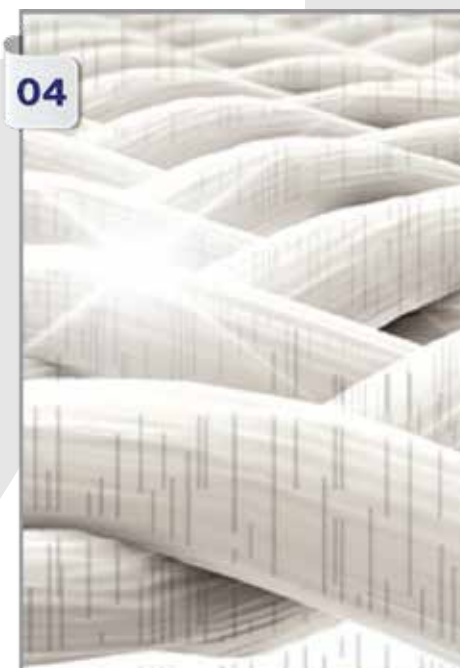

Microban technology is infused into the fibres.

Bacteria are attracted to the treated fibres.

Microban technology punctures the bacteria's membrane, creating the inability to sustain life.

Without healthy membrane, bacteria dies and can no longer create odor or stains.

ENGINEERED TO PROTECT.

Viconic technology has led the military and vehicle impact markets for over a decade. Ultra resilient material designed for repeat impacts. Patented structure promotes airflow and movement without sacrificing protection.

COP-r29 *permanent anti-bacterial*

Anti-microbial liner is scientifically proven to reduce bacteria and microbe causing odor. Moisture wicking knit allows for quick drying. Copper particles embedded in fabric's yarn remain effective over the lifetime of the product.

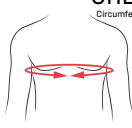

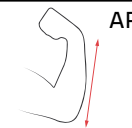

Anatomically Isolated Zone (AIZ) protection provides a combination of mobility and protection. Each zone enables players to move with ease while getting maximum protection. The zones maintain a level of protection while stretching to fit the players' anatomy and movements so you move as one.

CODE ENCRYPT

DESIGNED FOR THE PLAYMAKER

CODE IS DESIGNED FOR THE PLAYMAKER. YOU'LL KNOW WHEN YOU'RE ON THE ICE WITH A CODE ATHLETE – THEY'LL BE THE ONES INVOLVED IN EVERY PLAY, MAKING YOU RETHINK PUTTING ON SKATES THAT NIGHT. IN ADDITION TO THEIR PLAYMAKING ABILITY, THE CODE ATHLETE WILL BE THE PLAYER WITH THE DRIP – GIVING YOU A LITTLE SWAG WHILE MAKING IT LOOK EASY. JUST WHEN YOU THINK YOU'VE FIGURED THEM OUT, THEY'LL SHOW YOU SOMETHING YOU'VE NEVER SEEN BEFORE ALL WHILE LETTING YOU KNOW.
