THIS IS

# TRUE TEMPER HOCKEY.

In 2014, True Temper Sports entered the consumer hockey market with the launch of True Temper Hockey. In just under 10 years, True Temper Hockey has become widely regarded as a leader in innovation and the fastest-growing brand in hockey. From a series of patented stick technologies and our category-changing custom skate offerings, to the addition of the revered and iconic Lefevre goalie line, the True Temper Hockey family continues to raise the bar through its game-changing, performance-enhancing products.

## MISSION

True Temper Hockey is determined to offer the most innovative and performance-enhancing products on the market.

## VISION

To empower players & goalies of all ages with the most precise and advanced hockey equipment on the planet.

## VALUES

### 1 INNOVATION

A relentless pursuit of category-changing technology.

### 2 CRAFTSMANSHIP

Unmatched precision and care put into every product that carries the TRUE name.

### 3 AUTHENTICITY

A commitment to staying true to the game.

### 4 PASSION

Our team has an unrivalled energy and passion for the game and its products.

### 5 TEAMWORK

100 years of dominance across 4 divisions coming together towards one goal.

TAKE  
WHAT'S  
YOURS

**CONFIDENT. UNWAVERING. DETERMINED.**

GOOD IS ENOUGH FOR SOME.

BUT NOT FOR THOSE THAT STRIVE FOR GREATNESS.

FOR OVER 100 YEARS, TRUE TEMPER SPORTS HAS BEEN COMMITTED TO INNOVATING ON EVERY COURSE, FIELD, AND ICE SURFACE WE TOUCH. BECAUSE WE SIMPLY CAN'T/DON'T/WON'T ACCEPT THE STATUS QUO. ON THIS RELENTLESS PURSUIT TO BE THE BEST IN EVERYTHING WE DO:

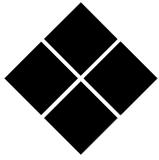

NOTHING IS GIVEN. SOME THINGS ARE EARNED. THE REST HAS TO BE TAKEN. CLAIM WHAT'S YOURS. AND ACQUIRE WHAT ISN'T.

**TAKE WHAT'S YOURS.**

# PLAYER STICKS

# HZRDUS

## 2024 PLAYER STICKS

### WHERE DANGER MEETS DOMINANCE: THE NEXT ERA OF HZRDUS IS HERE.

**FEATURING RESFLO, PLD, AND AXENIC TECHNOLOGIES – OUR ALL-NEW HZRDUS 2024 PLAYER STICK LINEUP DELIVERS AN EFFECTIVE MIX OF POWER, RESPONSE, AND UNCOMPROMISED RELEASE IN A LIGHTWEIGHT, PERFORMANCE-DRIVEN PACKAGE.**

What truly sets HZRDUS apart is our all-new blade stiffness profile. While the CATALYST 2023 boasts a dampened, softer feel, the HZRDUS 2024 blade is crafted to be more responsive. Our optimized low-kick point delivers a dynamic quick release when loading with minimal time and space resulting in faster, more powerful shots.

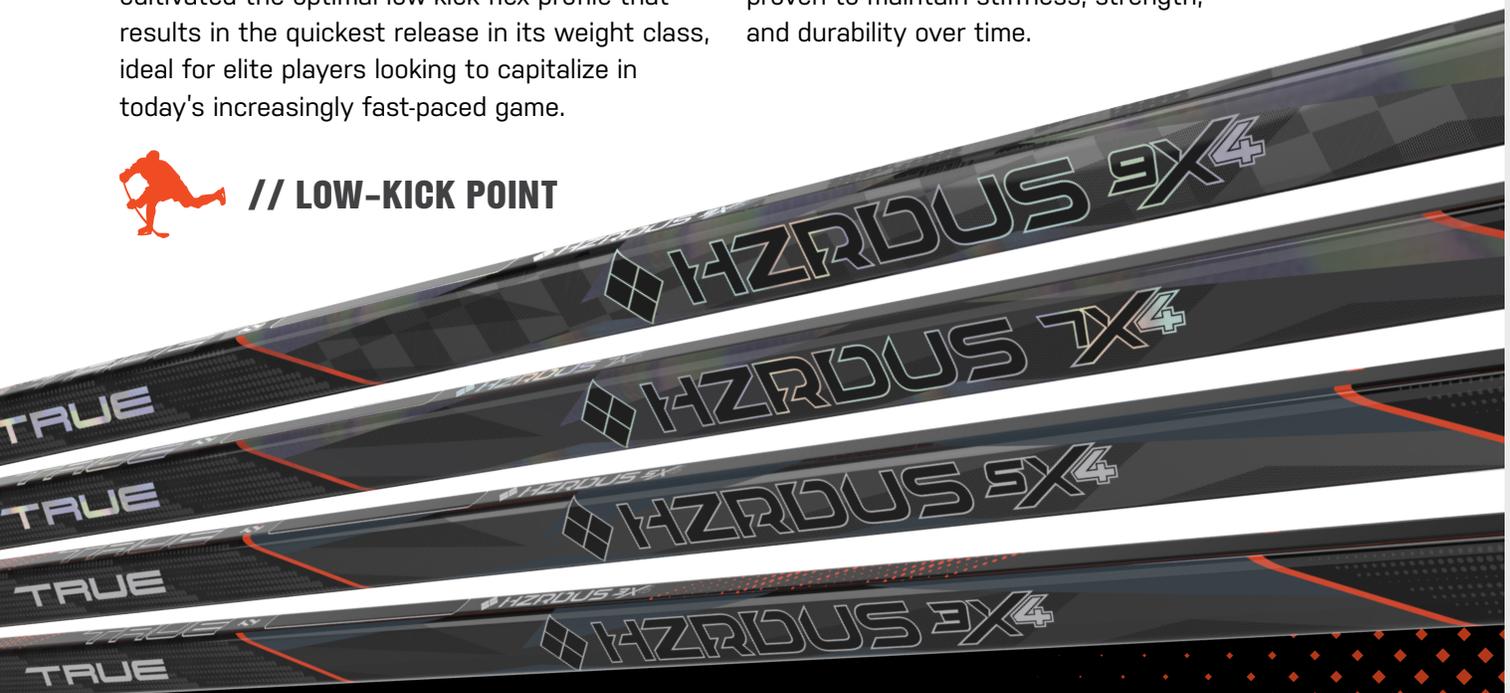

Through extensive on-ice testing, we've cultivated the optimal low-kick flex profile that results in the quickest release in its weight class, ideal for elite players looking to capitalize in today's increasingly fast-paced game.

This design further enhances the stick's ability to harness and release power with lightning-quick speed, giving you the edge you need to find the back of the net from anywhere on the ice.

HZRDUS 2024 sticks are designed to not only meet the highest durability standards, but exceed them. Industry-leading technologies and advanced manufacturing processes have been proven to maintain stiffness, strength, and durability over time.

// LOW-KICK POINT

**NO MATTER THE PRICE POINT, HZRDUS DELIVERS PRO-LEVEL PERFORMANCE AND THE CONFIDENCE YOU NEED TO ELEVATE YOUR GAME WHEN IT MATTERS MOST.**

TRUE PRODUCT GUIDE 2024

# PRO-GRADE RELEASE MEETS LIGHTWEIGHT PERFORMANCE.

Our flagship HZRDU5 9X4 boasts an unrivaled release and lively response essential for today's fast-paced game. SRT4 technology strengthens the blade from heel to toe by matching puck impact points. Strategically placed material disperses the load on every touch, while generating power when you need it.

The HZRDU5 9X4 Player Stick is ideal for elite-level players looking to take their performance to the next level with a lightning quick release through an optimized low-kick flex profile.

## STICK FEATURES

### LOW-KICK PROFILE

Optimized low-kick point for lightning quick shots and explosive release.

### SHAFT SHAPE

Square corner with double concave for better connection with the puck when stickhandling or shooting.

### FINISH

Gloss grip with textured blade for enhanced feel and puck control.

### REINFORCED HOSEL CONSTRUCTION

High-grade material added to the throat section of the shaft for improved stability and durability.

### BLADE CONSTRUCTION

Reinforced blade with 4 strategically placed ribs designed to match puck impact points and increase energy load for more accurate and powerful shots.

**365 GRAMS:** THE MOST POWERFUL RELEASE IN IT'S WEIGHT CLASS.

\* Stick weights are measured at 60" lengths to provide a direct comparison to our competition. \*\*The stated weight of the stick is not intended to, and should not be relied upon to, calculate the actual weight of the stick. Variances may result in the actual weight of the stick for numerous reasons, including, and without limitation: manufacturing tolerances, the endcap weight, the length of the stick, the blade pattern and stiffness of the stick, performance considerations, cosmetics, packaging, any post-manufacturing modifications / additions (such as the grip, knob sticker, or consumer packaging), and/or other reasons.

## QUICK RELEASE IN AN EVEN STRONGER PACKAGE.

Our all-new HZRDUUS 7X4 offers enhanced response and optimal shot release without compromising strength or durability. Through an optimized low-kick profile, HZRDUUS 7X4 guarantees elite release and unmatched response when shooting.

The HZRDUUS 7X4 Player Stick is ideal for serious players seeking elite-level performance that can withstand the speed and aggressiveness of today's fast-paced game.

# TRUE UFLEX: THE DEVELOPING PLAYER'S STICK.

## NO CUTTING CORNERS.

Our UFLEX stick lineup is made with the same innovative technologies that can be found in our senior model sticks, providing developing players with the same performance benefits as our pro athletes.

## PRO GRADE. PRO PERFORMANCE.

By enhancing UFLEX sticks with the same patented technologies that the pros enjoy, TRUE offers junior players an increase in confidence and an optimized game time experience. Whether you are looking to take your game to an elite level or are just learning to play, TRUE has the right stick option for you.

## UFLEX OPTIONS

Selecting the right flex rating allows players to maximize the flex energy load into the shaft, resulting in harder and faster shots.

The above chart is a guide that will help position each player with the right stick. However, there may be instances where the suggestions are not applicable to an individual player for a number of reasons. We strongly encourage all consumers to consult their local authorized TRUE retail staff who can help validate final stick choice for each individual player's needs.

## SELECTING THE RIGHT STICK.

The flex of a stick is measured by the amount of weight needed to flex it, which will directly impact the performance a player can achieve with the stick. Selecting the right flex allows players to optimally direct their energy into the shaft, resulting in more accurate, harder, faster shots, better stickhandling, and improved passing.

**PRO-GRADE MATERIALS.  
OPTIMIZED SHOT  
VELOCITY. GREATER  
ACCURACY AND CONTROL.**

# TRUE UFLEX 2024 STICK LINEUP

PLAYER STICKS

PREMIUM // LOW-KICK

• Combining an optimized low-kick profile with advanced materials and manufacturing processes, the HZRDUUS 9X4 UFLEX stick guarantees pro-level release and unmatched response when shooting.

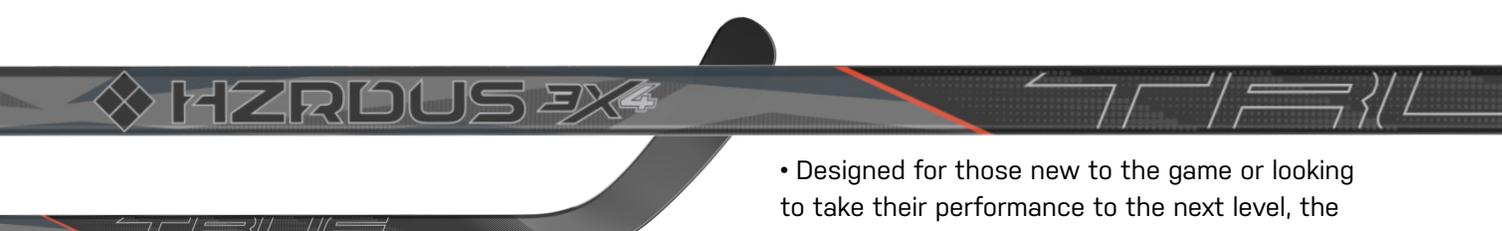

• **Materials:** Spread tow weave throughout the shaft with braided carbon rib in the blade

PREMIUM // MID-KICK

• Offering CATALYST core stick technologies, the CATALYST 9X3 UFLEX stick is ideal for youth players seeking elite performance benefits with unmatched accuracy, precision, and control.

• **Materials:** Spread tow weave throughout the shaft with braided carbon rib in the blade

LEARN TO PLAY // LOW-KICK

• Designed for those new to the game or looking to take their performance to the next level, the HZRDUUS 3X4 UFLEX stick offers an elite release and unmatched puck control.

# HZRDUS

GOALIE STICKS

## 2024 GOALIE STICKS

WHERE DANGER MEETS DOMINANCE.  
**THE NEXT ERA OF HZRDUS IS HERE.**

**OUR ALL-NEW HZRDUS 2024 GOALIE STICK LINEUP FEATURES AN ULTRA-LIGHTWEIGHT DESIGN GEARED TOWARDS EXCEPTIONAL PLAYMAKING WITHOUT COMPROMISING ON STRENGTH OR DURABILITY.**

Featuring our industry-leading Vibration Suppression System (VSS), this patent-pending technology offers the perfect balance of feel and comfort by reducing vibrations throughout the shoulder of the paddle when making stick saves.

New for 2024, our redesigned flag face improves durability and reduces weight by strategically wrapping both edges of the paddle to reinforce each side. This strategic weight reduction also allows for additional material to be added to the upper part of the shaft to better improve balance, stiffness, and durability in a key zone that endures high-impacts throughout the game.

Regardless of price point, the HZRDUS 2024 Goalie Stick boasts an ultra-lightweight, performance-driven design that caters to the demands of today's fast-paced game.

TRUE PRODUCT GUIDE 2024

# HZRDUS

## 2024 GOALIE STICKS

### SUPERIOR PUCK CONTROL IN AN ULTRA-LIGHTWEIGHT PACKAGE.

- ◆ UNRIVALED BALANCE
- ◆ IMPROVED DURABILITY
- ◆ EXCEPTIONAL PLAYMAKING

Our all-new HZRDUS 2024 Goalie Stick lineup features an optimized low-kick profile with an improved flag face design for ultimate balance and exceptional playmaking.

By reducing vibrations throughout the paddle and shaft, our patent pending **VIBRATION SUPPRESSION SYSTEM (VSS)** is an industry-leading technology designed to provide goaltenders with the perfect balance of feel and comfort when making stick saves.

#### STICK FEATURES

##### LOW-KICK PROFILE

Optimized low-kick point for greater puck control and playability.

##### SHAFT SHAPE

Square shaft with standard shoulder and similar geometry to previous HZRDUS.

##### FINISH

Gloss clear shaft, paddle, and blade with a textured grip on the shoulder for optimal feel and control.

##### IMPROVED STRENGTH

All-new reinforced flag face design that reduces weight and allows for added material to the upper part of the shaft for ultimate strength and balance.

#### CORE TECHNOLOGIES

# UNRIVALED BALANCE & ULTIMATE PUCK CONTROL IN AN ULTRA-LIGHTWEIGHT PACKAGE.

- ◆ SUPERIOR BALANCE
- ◆ IMPROVED STRENGTH
- ◆ ULTRA-LIGHTWEIGHT DESIGN

New for 2024, the HZRDUS 9X4 Goalie Stick features an ultra-lightweight build designed for exceptional playmaking. Featuring an optimized low-kick profile for quick release and greater puck control when clearing, HZRDUS 9X4 focuses on response while maintaining ultra-lightweight performance. Optimized braided rib placement along the bottom of the blade offers a thinner design with increased durability.

The HZRDUS 9X4 Goalie Stick is ideal for elite-level goaltenders seeking ultimate playability in an ultra-lightweight package.

## STICK FEATURES

### LOW-KICK PROFILE

Optimized low-kick point for greater puck control and playability.

### SHAFT SHAPE

Square shaft with standard shoulder and similar geometry to previous HZRDUS.

### OPTIMIZED PADDLE CONSTRUCTION

Redesigned face flags that strategically wrap both edges of the paddle to reinforce each side while also reducing weight.

### IMPROVED STRENGTH

Strategically added material to the upper part of the shaft for improved strength and balance.

### FINISH

Gloss clear shaft, paddle, and blade with a textured grip on the shoulder for optimal feel and control.

### PADDLE

Reinforced with 4 strategically placed ribs for added stiffness and durability.

## 2024 GOALIE STICKS

ONE STEP FORWARD. TWO STEPS AHEAD. **THE NEXT GENERATION OF CATALYST IS HERE.**

**ENGINEERED FOR ENHANCED FEEL AND OPTIMIZED PUCK CONTROL, OUR CATALYST GOALIE STICK LINEUP EXCEEDS ALL EXPECTATIONS IN THE PERFORMANCE-DRIVEN CATEGORY BY OFFERING A SOLID, DAMPED FEEL IN A LIGHTWEIGHT PACKAGE.**

A key advancement to the CATALYST Goalie Stick design is the addition of strategic material around the perimeter of the paddle and blade for improved durability, enhanced feel, and optimized control when passing or clearing the puck. This advanced engineering also improves the stick's ability to endure the rigours of intense gameplay, maintaining its structural integrity with every shot you face.

# CATALYST

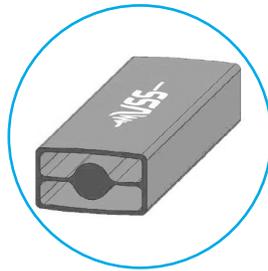

## 2024 GOALIE STICKS

**LIGHTWEIGHT BUILD  
WITH A SOLID, DAMPED FEEL.**

- **OPTIMAL CONTROL**
- **ULTIMATE BALANCE**
- **IMPROVED DURABILITY**

Our CATALYST Goalie Stick lineup combines a mid-kick shaft profile with more material around the perimeter of the paddle and blade for improved durability, enhanced feel and optimized control.

CATALYST features our patent-pending **VIBRATION SUPPRESSION SYSTEM (VSS)**. This system is designed to provide goalies with the perfect balance of feel and comfort when making stick saves.

### STICK FEATURES

#### MID-KICK PROFILE

Optimized mid-kick profile with stiffer paddle and softer shaft.

#### SHAFT SHAPE

Round shaft with standard shoulder.

#### FINISH

Gloss clear shaft, paddle, and blade with a textured grip on the shoulder for optimal feel and control.

#### IMPROVED STRENGTH

Added material around the perimeter of the paddle and blade.

# TRUE STICK TECHNOLOGY 2024

## GOALIE

### VIBRATION SUPPRESSION SYSTEM

is designed to absorb and disperse energy from puck impact, providing goalies with the perfect balance of feel and comfort when making stick saves.

### BRAIDED ARAMID TECHNOLOGY

offers a stronger, lightweight blade with increased damping properties, ideal for playability and puck control.

## PLAYER & GOALIE

**FOCUSED RESIN FLOW** technology minimizes voids resulting in a stronger, more consistent laminate.

**PRECISION LAMINATE DESIGN** controls ply angles to minimize interlaminar shear which generates stronger laminates that maintain stiffness, weight, and durability over time.

### ALL-NEW FOAM CORE

**INNOVATIVE FOAM CORE** material adds exceptional compaction to our laminate which maximizes strength and minimizes the weight required to consistently perform and exceed durability requirements.

## SRT

**STRATEGIC RIB PLACEMENTS** throughout the blade are designed to match puck impact points, providing a more stable blade structure on impact, leading to more accurate and powerful shots.

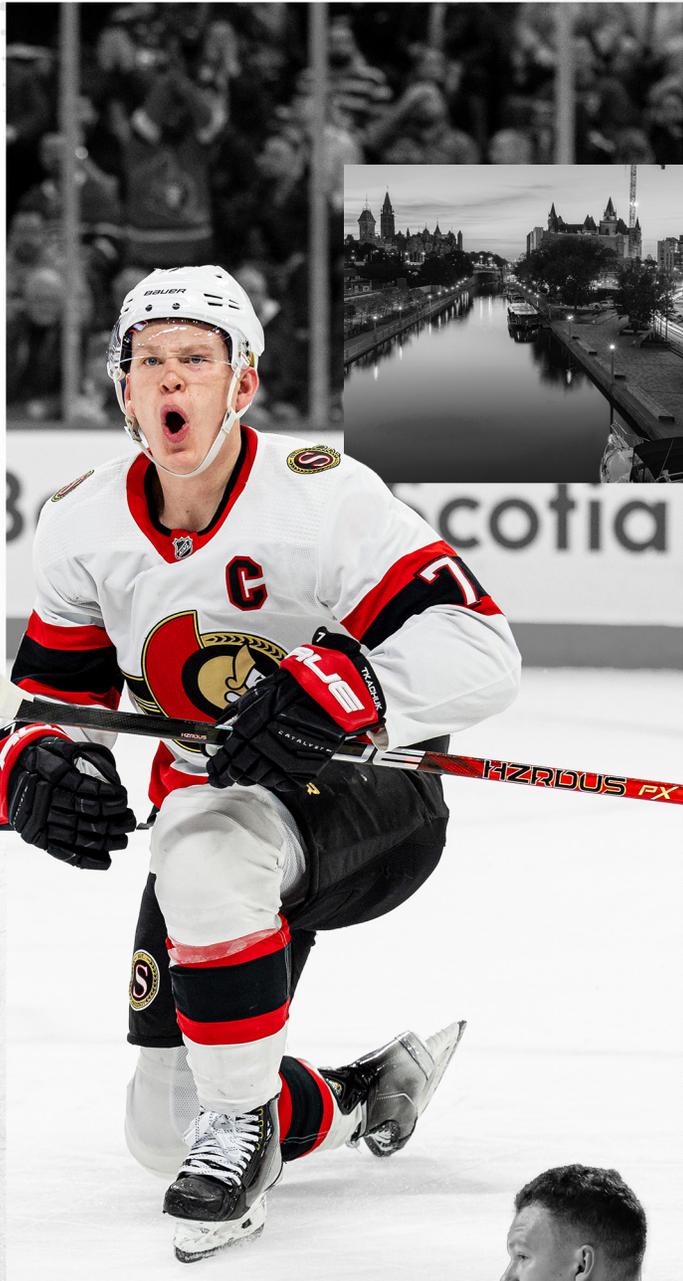

**OUR PATENTED, INDUSTRY-LEADING** manufacturing process produces an ultra-consistent one-piece design for optimal balance, better control, and enhanced feel.

**PERFORMANCE ADVANCED STRENGTHENING SYSTEM** is a less rigid blade core that offers higher shear strength to resist foam breakdown over time.

# CATALYST 9X4

BEST-IN-CLASS FIT MEETS ULTIMATE SPEED & AGILITY.

◆ UNMATCHED COMFORT ◆ NEXT-LEVEL AGILITY ◆ ULTIMATE ENERGY TRANSFER

Featuring our patented NEUROFIT+ one-piece carbon fiber shell, the CATALYST 9X4 Player Skate offers pro-level fit, comfort, and performance in a game-ready package. New for 2024, our redesigned side panel offers increased abrasion resistance while an improved carbon layering throughout the shell offers better durability and improved skate longevity.

Unique to the CATALYST line, our moderate shell stiffness allows for enhanced maneuverability and quick directional changes designed to complement today's fast-paced game. Highly thermoformable materials throughout the one-piece shell provide an anatomical fit and maximum comfort while allowing for better versatility and freedom of movement for every skating style.

The CATALYST 9X4 Player Skate is designed for elite-level players seeking the fit, comfort, and performance of TRUE Custom Skates in an off-the-shelf package.

### KEY FEATURES

- NEUROFIT+ thermoformable carbon fiber one-piece shell
- Plastic base shell insert to improve rivet hold & durability
- Improved shell layering for optimal impact protection
- SHIFT MAX holder with SHIFT MAX DLC coated steel
- Stainless steel rivets to better improve rivet hold
- Lightweight pro tongue with molded t-guard
- CARV toe cap for better clearance when turning
- Flex tendon guard for better versatility
- Clarino liner for ultimate foot lock and moisture wicking
- Poured PU side panels for extreme abrasion resistance
- GENETIX insole for 360° fit

# TRUE SKATE TECHNOLOGY 2024

## NEUROFIT+

### **PATENTED ONE-PIECE SHELL DESIGN: BETTER FIT. BETTER CONNECTION.**

Our patented NEUROFIT+ one-piece shell technology features an innovative design and a uniquely anatomical shape that delivers the best fit and response on the market. This innovative one-piece shell design combined with thermoformable materials further enhances neuromuscular connection to the ice, responding to your every movement.

## SHIFT MAX

### **PRO HOLDER + STEEL: NEVER MISS A SHIFT.**

Our SHIFT MAX steel + holder combination offers improved durability and enhanced blade security, while also allowing for easy interchanging on the fly.

## CARV

### **LOW PROFILE TOECAP: TURN ON A DIME.**

Our redesigned CARV toecap features a sleeker design aesthetic in an even lighter package, allowing for a more aggressive cutting angle resulting in quicker turns in transition without losing an edge.

## HYDROFOAM

### **MULTI-DENSITY FOAM: ANTIMICROBIAL LINER.**

Our Clarino HYDROFOAM liner compliments our multi-layered construction and features improved antimicrobial, moisture-wicking and comforting properties to keep your feet dry and responsive with every stride you take.

## 2024 HZRDUUS GOALIE COLLECTION

**NEW FOR 2024, THE HZRDUUS STOCK GOALIE COLLECTION FEATURES MANY OF THE SAME TECHNOLOGIES AND MATERIALS FOUND WITHIN OUR FLAGSHIP PX4 MODEL IN A GAME-READY, OFF-THE-SHELF PACKAGE.**

With a flat face construction, the HZRDUUS Goalie Pads are designed to minimize gaps and maximize coverage by providing a solid barrier that eliminates pucks from slipping through. This stiffer design allows for ultimate power and control when facing heavy fire, giving you the ability to redirect pucks where and when desired.

Featuring our revolutionary reinforced composite thigh rise, the HZRDUUS Goalie Pads offer ultimate response and puck control when generating rebounds while also improving butterfly seal and RVH effortlessly, giving you the confidence you need to make those game-defining saves when it matters most.

Available in 5 dynamic colourways offered in senior to junior sizing, the HZRDUUS 2024 Stock Goalie collection is designed to empower goaltenders at all stages of the game with the most precise and innovative technologies on the market.

NO MATTER THE PRICE POINT, GOALTENDERS CAN EXPECT EXCEPTIONAL RESPONSIVENESS, COMFORT, AND CONSISTENCY THEY'VE COME TO LOVE FROM TRUE BY LEFEVRE.

# HZRDUUS 9X4

## ENGINEERED FOR BETTER REBOUND CONTROL.

STOCK GOALIE

### SENIOR GOALIE COLLECTION

New for 2024, the **HZRDUUS 9X4 GOALIE PADS** offer Lefevre's innovative design and manufacturing processes in a premium off-the-shelf package.

Featuring a flat face construction that minimizes gaps and maximizes coverage, combined with a reinforced composite thigh rise for ultimate rebound control, the HZRDUUS 9X4 Goalie Pads allow you to confidently redirect pucks where and when desired.

The HZRDUUS 9X4 Goalie Pads are ideal for elite-level goaltenders seeking exceptional fit, comfort, and premium performance benefits that are synonymous with TRUE by Lefevre in a game-ready package.

### CORE TECHNOLOGIES

#### STIFF PAD FOR BIG/ REACTIVE REBOUNDS

Engineered to deliver exceptional rebound control, this gear allows you to confidently redirect shots where and when desired.

#### SINGLE BREAK CORE (BELOW KNEE)

Experience unparalleled agility and flexibility with the single break core below the knee. This innovative design allows for quick movements, precise positioning, and lightning-fast reactions.

#### FLAT FACE CONSTRUCTION

The HZRDUUS 9X4 Goalie Pads boast a flat face construction that maximizes coverage and enhances your blocking capabilities. Eliminates pucks slipping through, as the flat face design provides a solid barrier, leaving minimal room.

#### NO OUTER ROLL BREAK

This streamlined design not only enhances the gear's stiffness with less pre-curve but also ensures a sleek and clean appearance.

#### HYBRID PRO LACES

Allows for a firm anchor and no additional stretch when pushing away from the post out of the RVH position.

#### FRS (FAST ROTATION SYSTEM)

Located on the calf, FRS includes double internal adjustable straps for increased stability and even weight distribution.

### KEY FEATURES

- 40% Thinner thigh rise compared to L20.2
- 30% Stiffer due to reinforced composite thigh rise for tight butterfly and RVH seal
- Hybrid bungee toe lace
- Stiff, open boot angle

### FRS (FAST ROTATION SYSTEM)

Located on the calf, FRS includes double internal adjustable straps for increased stability and even weight distribution.

**AVAILABLE SIZES:** SR (32+2 - 36+2)  
**AVAILABLE COLOURS:** WHITE/WHITE, BLACK/BLACK, RED/WHITE, BLACK/WHITE, BLUE/WHITE

## KEY FEATURES

### 1 NEW COMPOSITE THIGH RISE CORE

A 30% stiffer thigh rise is combined with more rigid knee stack, allowing for a better seal to the ice when dropping down and an improved ease of redirecting pucks.

### 2 THINNER THIGH RISE

A 40% thinner thigh rise provides ease in pad overlap when standing up or in butterfly. The pads are more reactive when dropping down and popping back up from the ice, giving greater mobility in game situations.

### 3 IMPROVED KNEE STACK RIGIDITY

New knee stack construction and improved rigidity provides greater stability. Combined with the stiffer thigh rise, it allows for more pressure on top of the pads in butterfly, leading to an even better seal to the ice.

## KEY FEATURES

### 1 ALL-NEW THIGH RISE CORE

High-grade materials combined with a more rigid knee stack allow for a better seal to the ice when dropping down while making it easier to redirect rebounded pucks.

### 2 THINNER THIGH RISE

Thinner thigh rise provides ease in pad overlap when standing up or in butterfly. The pads are more reactive when dropping down and popping back up from the ice, giving greater mobility in game situations.

### 3 IMPROVED KNEE STACK RIGIDITY

New knee stack construction and improved rigidity provides greater stability. Combined with the stiffer thigh rise, it allows for more pressure on top of the pads in butterfly, leading to an even better seal to the ice.

# iBP TECHNOLOGY

## 2024 CATALYST PLAYER PANTS

**THE CORE OF INTELLIGENT BODY PROTECTION (iBP) TECHNOLOGY IS A FRAME-STRUCTURED, THREE-DIMENSIONAL HYBRID COMPONENT WITH HIGH SHOCK-ABSORPTION AND FORCE-DISTRIBUTING PROPERTIES USING GROUND BREAKING MATERIALS TO ADVANCE TRIED AND TRUE DESIGN FOR ULTIMATE THIGH & HIP PROTECTION. THIS ADVANCED MATERIAL CONSTRUCTION ALSO ENSURES PROPER VENTILATION TO PREVENT DISCOMFORT AND DISTRACTION DURING INTENSE GAMEPLAY.**

An essential part of the patented iBP technology is the customized protective component and its hybrid structure. Each component is built of two distinct elements combined to deliver superior properties. The PP injected frame is designed to be ventilated and use less material, while its structural and reinforced geometry distributes the impact. The EPP foam base, chosen for its lightness and absorption attributes, is seamlessly embedded under the frame. Combined as one, the light and vented iBP high performance components absorb and dissipate impact energy, reducing the amount of force that gets transmitted to the player's body.

The waist belt keeps the user protected with an iBP back cap and two iBP kidney caps. The iBP hip and thigh caps are removable in order to replace and adjust the protective components for easy embroidery and leg decoration. The vented iBP caps work in conjunction with the vented liner to let air flow in and out of the product. With the lightweight and breathable yet wear resistant material used for the shell, the CATALYST 2024 lineup truly redefines the requirements of pro hockey pants.

# CATALYST 9X4

**CONSTRUCTED WITH THE HIGHEST QUALITY MATERIALS TO ENSURE LONG-LASTING DURABILITY AND PROTECTION, OUR ALL-NEW CATALYST 9X4 PLAYER PANTS OFFER ULTIMATE MOBILITY AND COMFORT DESIGNED TO COMPLEMENT A PLAYER'S ON-ICE MOVEMENT.**

iBP technology allows for a significant reduction in weight, providing you with unmatched agility and freedom of movement while allowing for maximum speed and powerful skating strides.

The CATALYST 9X4 Player Pants are ideal for elite-level players looking for ultimate comfort and protection in a sleek design aesthetic.

# ACCESSORIES // STARTER KIT

## PRO SERIES 2024 YOUTH STARTER KIT

TRUE's PRO SERIES Youth Starter Kit is designed for youth players looking to begin their hockey journey.

Soft, comfort padding is strategically placed in common fall areas while harder padding is intermingled for impact protection, giving players the support they need while developing critical skills.

Available in Small, Medium, and Large sizing – the PRO SERIES starter kit accommodates various weights and heights for youth players between the ages of 4 and 9 so they can start playing like the pros.

### PRO TRUE SERIES

#### INCLUDES

- Gloves
- Pants
- Shin pads
- Elbow pads
- Shoulder pads
- Hockey bag
