HYGRO-FIT

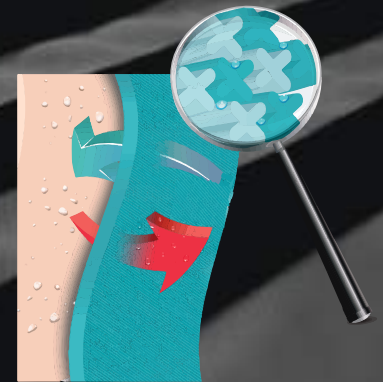

Hygrosopic Fabric Tissus Hygrosopique

Keeps you dry & comfortable during play.

Hygrosopic fabric's moisture transferring technology moves and disperses sweat away from the body so it can evaporate quickly.

Vous garde au sec et confortable pendant l'activité physique.

Le tissu Hygrosopique est une technologie de transfert d'humidité. La sueur du corps se déplace et se dissipe vers l'extérieur pour s'évaporer rapidement.
